

# MICHAEL REINHARD

---

2231 Remington Way, Apt 202, Bozeman, Montana 59718 (440)-251-7538  
[mvreinhard17@gmail.com](mailto:mvreinhard17@gmail.com) [www.linkedin.com/in/michael-reinhard](http://www.linkedin.com/in/michael-reinhard)

## EDUCATION

---

Montana State University, Bozeman, MT (2023-Current)

Degree: Physics Ph.D.

Estimated Date of Graduation: Spring 2029

GPA: 3.86

Bowling Green State University, Bowling Green, OH (2020-2022)

Degree: Master of Science

Major: Physics

Date of Graduation: August 2022

GPA: 3.83

The Ohio State University, Columbus, OH (2016-2020)

Degree: Bachelor of Science

Major: Physics and Astronomy

Date of Graduation: May 2020

Total GPA: 3.12 Major GPA: 3.17

## EXPERIENCE

---

### **Graduate Teaching Assistant: August 2023 – May 2025**

Montana State University, Bozeman, Montana

- Taught lab courses for multiple courses:
  - Astronomy 371 - Solar System Astronomy
  - Physics 220 - Physics I with Calculus
  - Physics 222 - Physics II With Calculus
- Mentored students through office hours, Physics Dept. Learning Center, and one-on-one communication.

### **Graduate Research Assistant: May 2022 - August 2022, Summer 2025 -present**

Bowling Green State University, Bowling Green, Ohio

- Perform research in observational astronomy as part of my thesis for my Master of Science degree

### **Graduate Teaching Assistant: August 2020 - May 2022**

Bowling Green State University, Bowling Green, Ohio

- Taught lab courses for introductory physics to roughly 40 students per semester.
- Mentored students through office hours and one-on-one communication.

### **Student Instructional Worker: February 2019 - September 2019**

The Ohio State University, Columbus, Ohio

- Prepare and set up teaching aids for physics courses.
- Assist in developing new demonstrations and teaching materials.

- Construct, modify, and repair demonstrations and equipment.

**Student Office Assistant: September 2016 - May 2020**

The Ohio State University, Columbus, Ohio

- Complete clerical tasks such as filing, copying, and distributing mail for faculty and staff.

---

**RESEARCH**

Two years of research experience in observational astronomy at Bowling Green State University under Dr. John Laird. This research focused on estimating elemental abundance in Milky Way Halo stars, using spectral analysis software (IRAF) to determine stellar parameters and elemental abundance values.

A Year and a half of research experience in observational astronomy at Montana State University under Dr. David Nidever. This work focused on estimating elemental abundances in M31 disk stars.

---

**Publications**

- Reinhard, Michael V., and John B. Laird. "Alpha element populations among local halo stars." *The Astronomical Journal*, vol. 167, no. 1, 5 Dec. 2023, p. 6, <https://doi.org/10.3847/1538-3881/ad0a96>.

---

**SKILLS**

- ♦ Microsoft Office Suite ♦ Python programming language ♦
